HOLOCAUST EDUCATION PROGRAM

Learn so that we remember

*Established by a bequest from  
Dr. Arthur and Esther Sacks-Wilner*

**Dr. Arthur Sacks-Wilner** had a life-long commitment to learning and to Judaism with a strong focus on European Jewish history and the Holocaust. In his lifetime, he was recognized for his service to this country having received the Selective Service Medal by the United States Congress as well as Special Certificates of Appreciation from Harry S. Truman, Lyndon B. Johnson, and Richard Nixon.

**Esther Sacks-Wilner** was not only his dedicated life partner, she was, in her own right, committed to the welfare of the greater Mercer County Jewish community. Through her work in Deborah Hospital, Greenwood House, the Sisterhood of Adath Israel, and Hadassah, Esther, like Arthur, saw the value of service to the larger community.

It is the hope of the family that promoting Holocaust education will help establish a world in which hatred and prejudice will be diminished and freedom and dignity are increased.
